NEW BUSINESS

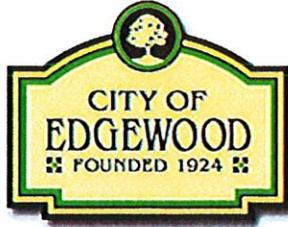

1. Discussion of Sign Ordinance (Sign Regulation Overview)

Chairwoman Dunay invited Planner Hardgrove to begin discussion of the proposed sign ordinance.

Planner Hardgrove introduced proposed sign regulation changes for the City and gave an overview of the sign regulations for permanent signs to the Planning and Zoning Board. Discussion ensued amongst the Board Members regarding the various types of signage and sign standards and architectural issues such as mansard roofs. Discussion also included defining sign copy and logos versus defining art.

City Planner Hardgrove discussed each permanent sign in the City on the Orange Avenue corridor and the circumstances of each sign and the property. Planner Hardgrove pointed out that although there may be some inconsistencies, some signs may be able to remain based on the way the new ordinance is drafted.

Chairwoman Dunay opened the floor for public comment.

John Moccio, business owner. Chairwoman Dunay said that there was a letter from the City Clerk that will be included for public comment from John Moccio. Mr. Moccio spoke as an opponent to the sign code ordinance. He spoke about regulating the size and faces of signage as well as the history of his company’s signage and the approval process.

Richard Brinkman, business owner and former Mayor of Edgewood. Mr. Brinkman requested time allowance for sign amortization, and discussed the importance of the good appearance of the City.

Frances Pignone, business owner. Ms. Pignone discussed Ft. Gatlin Shopping Center’s comprehensive sign package and the need for companies to have visible signage.

Ivan Smith, business employee. Mr. Smith inquired about the process of measuring setbacks and the effects of road construction and the shopping center dimensions. Mr. Smith also discussed amortization cost of updating signage.

Scott Baker, attorney Zimmerman Kiser Sutcliffe P.A. law firm representing 16 Edgewood commercial property owners. Mr. Baker spoke as an opponent to the proposed sign ordinance and discussed the value of the actual sign and its effect on business, the process of amortization and nonconforming sign issues.

Vince Constantini, business owner. Mr. Constantini asked about options and modifications for pole signs and issues for nonconforming signs for his business.

Chairwoman Dunay closed the floor for public discussion.

The Board continued discussion on further details of allowable sign regulations, including directory signs for ingress/egress. The consensus of the Planning and Zoning Board is to allow twelve (12) months for amortization.

RE: Variance for roof height of newly constructed dock boat house
517 Harbour Island Road

- I. Requested action by Board:
Consideration of approval or denial of the requested variance:

Variance of General Ordinance, Chapter 14 – Boat Docks, Section 14-11 (b) (5) Height of boat docks; to allow the constructed boat dock boat house to remain at 0.6 feet (7.2 inches) above the maximum allowable height.

Section 14-11 (b)(5) – The maximum height shall be 13 feet above the normal high water line of the applicable lake.

The boat house was constructed 0.6 feet above the maximum height.

II Relevant Facts

Owner: Paul Lopes
Address: 517 Harbour Island Road
Tax parcel ID number: 13-23-29-7456-00-420
Lot: 42
Zoning: R-1AA
Lake or canal: Harbour Island Waterway

Location of lot from Orange County Property Appraiser Website

III Request for Variance

The boat house was constructed as part of an approved set of plans and permit application. The application and approval letter noted the maximum height of the boat house as 13 feet above the normal high water elevation (NHWE) of the lake. Upon receipt of the as-builts, it was noted the top of the boat house is 13.6 feet above the NHWE.

IV Variance Approval Criteria

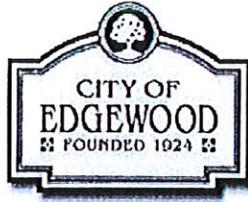

Per Section 134-104(3)b of the City's code, approval of the requested variance requires the board to find the following six (6) criteria (in bold below) to be true. Analysis of each criterion follows the listed criterion:

1. **That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures of buildings in the same zoning district.** The condition is due to the construction of the structure by the contractor.

2. **That the special conditions and circumstances do not result from the actions of the applicant.** The circumstances are the result of the contractor and not the applicant. The contractor for the dock did not take into consideration the height of the roofing tiles during the framing and construction of the boat house.
3. **That approval of the variance requested will not confer on the applicant any special privilege that is denied by this chapter to other lands, buildings or structures in the same zoning district.** The finished elevation of the roofing tiles placed on the roof exceeded the required height. The approval is providing a variance to the homeowner that allows the building to remain as constructed. All applications that the City receives will be required to meet the code requirements.
4. **That literal interpretation of the provisions contained in this chapter would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of this chapter and would work unnecessary and undue hardship on the applicant.** Since this boat house is complete, it would require a financial burden on the applicant to remove a major portion of the boat house to reduce the overall height by 7.2 inches.
5. **That the variance approved is the minimum variance that will make possible the reasonable use of the land, building or structure.** This is the minimum variance, from 13' to 13.6', maximum height to be approved for the boat house.
6. **That approval of the variance will be in harmony with the general intent and purpose of this chapter and that such variance will not be injurious to the neighborhood or otherwise detrimental to the public welfare.** The general intent was to construct the boat house to the required height. Visually, the height of the boat house roof is not noticeable and was determined to not be in compliance from the surveyed as-built. The height of the boat house will not create an obstruction to the waterway for safe navigation.

71 characteristics of signs which compete for the attention of pedestrian and vehicular
72 traffic; and

73 **WHEREAS**, the City Council finds and determines that this ordinance will
74 enhance the attractiveness and economic well-being of the City as a place to live, visit,
75 and conduct business; and

76 **WHEREAS**, the City Council agrees with the courts that have recognized that
77 outdoor advertising signs tend to interrupt what would otherwise be the natural landscape
78 as seen from the highway, whether the view is untouched or altered by man, and that it
79 would be unreasonable and illogical to conclude that an area is too unattractive to justify
80 aesthetic improvement [*see E.B. Elliott Adv. Co. v. Metropolitan Dade County*, 425 F.2d
81 1141 (5th Cir. 1970), *cert. denied*, 400 U.S. 878 (1970); *John Donnelly & Sons, Inc. v.*
82 *Outdoor Advertising Bd.*, 339 N.E. 2nd 709, 720 (Mass. 1975)]; and

83 **WHEREAS**, the City Council recognizes that billboards are a form of
84 advertisement designed to be seen without the exercise of choice or volition on the part of
85 the observer, unlike other forms of advertising that are ordinarily seen as a matter of
86 choice on the part of the observer [*see Packer v. Utah*, 285 U.S. 105 (1932); and *General*

87 *Outdoor Advertising Co. v. Department of Public Works*, 289 Mass. 149, 193 N.E. 99
88 (1935)], and the City Council acknowledges that the United States Supreme Court and
89 many federal courts have accepted legislative judgments and determinations that the
90 prohibition of billboards promotes traffic safety and the aesthetics of the surrounding area
91 [see *Metromedia, Inc. v. City of San Diego*, 453 U.S. 490, 509-510 (1981); and *National*
92 *Advertising Co. v. City & County of Denver*, 912 F.2d 405, 409 (10th Cir. 1990); and
93 *Outdoor Systems, Inc. v. City of Lenexa*, 67 F. Supp. 2d 1231, 1239 (D. Kan. 1999)]; and

94 **WHEREAS**, the City Council finds and determines that by confirming in its
95 ordinance that noncommercial messages are allowed wherever commercial messages are
96 permitted, the City will continue to overcome any constitutional objection that its
97 ordinance impermissibly favors commercial speech over noncommercial speech [see
98 *Outdoor Systems, Inc. v. City of Lenexa*, 67 F. Supp. 2d 1231, 1236-1237 (D. Kan. 1999);
99 and

100 **WHEREAS**, the City Council finds and determines that the City has allowed
101 noncommercial speech to appear wherever commercial speech appears; and the City
102 Council desires to codify that practice through the specific inclusion of a substitution
103 clause that expressly allows noncommercial messages to be substituted for commercial
104 messages; and

105 **WHEREAS**, the City Council finds and determines that various arguments have
106 been advanced in recent years that the permitting of signs is subject to “prior restraint”
107 scrutiny under the First Amendment; and

108 **WHEREAS**, the City Council wishes to follow the Court’s advice in the recent
109 Eleventh Circuit opinion of *Granite State Outdoor Advertising v. The City of St.*
110 *Petersburg*, 348 F.3d 1278, 1282-1253 (11th Cir. 2003), that although time limits for sign
111 permit reviews and appeals are not mandatory in a content neutral sign ordinance, time
112 limits are advisable to avoid a “prior restraint” challenge; and

113 **WHEREAS**, the City Council finds and determines that municipalities may
114 separately classify offsite and on-site advertising signs in taking steps to minimize visual
115 pollution [see *City of Lake Wales v. Lamar Advertising Association of Lakeland, Florida*,
116 414 So.2d 1030, 1032 (Fla. 1982)]; and

117 **WHEREAS**, the City Council recognizes that on-site business signs are
118 considered to be part of the business itself, as distinguished from off-site outdoor
119 advertising signs, and finds and determines that it is well-recognized that the unique
120 nature of outdoor advertising and the nuisances fostered by billboard signs justify the
121 separate classification of such structures for the purposes of governmental regulation and
122 restrictions [see *E.B. Elliott Adv. Co. v. Metropolitan Dade County*, 425 F.2d 1141, 1153
123 (5th Cir. 1970), *cert. denied*, 400 U.S. 878, 91 S.Ct. 12, 27 L.Ed. 2d 35 (1970), quoting
124 *United Advertising Corp. v. Borough of Raritan*, 11N.J. 144, 93 A.2d 362, 365 (1952);
125 *Clear Channel Outdoor, Inc. v. City of Los Angeles*, 340 F.3d 810, 814 (9th Cir. 2003)];
126 and

127 **WHEREAS**, the City Council finds and determines that a prohibition on the
128 erection of off-site outdoor advertising signs will reduce the number of driver distractions
129 and the number of aesthetic eyesores along the roadways and highways through the City

130 [see e.g., *E.B. Elliott Adv. Co. v. Metropolitan Dade County*, 425 F.2d 1141, 1154 (5th
131 Cir. 1970), *cert. denied*, 400 U.S. 878 (1970)]; and

132 **WHEREAS**, more than a hundred Florida communities have adopted ordinances
133 prohibiting the construction of billboards in their communities in order to achieve
134 aesthetic, beautification, traffic safety, and/or other related goals; and

135 **WHEREAS**, the City Council finds and determines that the continued prohibition
136 of billboards as set forth herein will improve the beauty of the City, foster overall
137 improvement to the aesthetic and visual appearance of the City, preserve and keep open
138 areas for beautification on public property adjoining the public roadways, increase the
139 visibility, readability and/or effectiveness of on-site signs by reducing and/or diminishing
140 the visual clutter of off-site signs, enhance the City as an attractive place to live and/or
141 work, reduce blighting influences, and improve traffic safety by reducing driver
142 distractions; and

143 **WHEREAS**, the City Council finds and determines that the business of outdoor
144 advertising in the form of off-site signs, commonly known as billboards, is not now an
145 approved use within the City or any of its zoning districts; and

146 **WHEREAS**, the City Council finds and determines that the prohibition on
147 portable signs reasonably advances the governmental goal of protecting the aesthetic
148 environment of the City [see *Harnish v. Manatee County*, 783 F.2d 1535 (11th Cir. 1986);
149 and *Don's Porta Signs, Inc. v. City of Clearwater*, 829 F.2d 1051 (11th Cir. 1987), *cert.*
150 *denied*, 485 U.S. 981 (1988)]; and

151 **WHEREAS**, the Planning and Zoning Commission, acting as the Local Planning
152 Agency, found and determined that this Ordinance is consistent with the City's
153 Comprehensive Plan, and the City Council finds and determines that the following
154 amendments are consistent with all applicable policies of the City's Comprehensive Plan;
155 and

156 **WHEREAS**, the City Council finds and determines that the following
157 amendments will not result in incompatible land uses; and

158 **WHEREAS**, the City Council finds and determines that the City's sign
159 regulations are concerned with the secondary effects of speech including, but not limited
160 to, aesthetics and traffic safety, and that they are not intended to regulate viewpoints or
161 censor speech, and for those and other reasons that the foregoing provisions are not
162 subject to, or would not fail, a "prior restraint" analysis; and

163 **WHEREAS**, the City Council finds and determines that there are not delays in
164 the City in connection with the permitting of signs, and there are not delays in the City in
165 connection with appeals from adverse permitting decisions involving signs; and

166 **WHEREAS**, the City Council recognizes that frivolous challenges to its
167 provisions regulating signage might be advanced under the pretext that the City is
168 unconstitutionally restraining free speech, and the City Council desires to amend and
169 modify the Code to codify current practice and, to the fullest extent possible, ensure that
170 a prior restraint claim cannot be advanced in good faith against the City's sign
171 regulations; and

172 **WHEREAS**, the City Council finds and determines that the City has consistently
173 adopted and enacted severability provisions in connection with its Code provisions and
174 that the City Council wishes to ensure that severability provisions apply to its Code of
175 Ordinances, including its sign regulations; and

176 **WHEREAS**, the City Council finds and determines that the Code’s severability
177 clauses were adopted with the intent of upholding and sustaining as much of the City’s
178 regulations, including its sign regulations, as possible in the event that any portion thereof
179 (including any section, sentence, clause or phrase) be held invalid or unconstitutional by
180 any court of competent jurisdiction; and

181 **WHEREAS**, the City Council finds and determines that under Florida law,
182 whenever a portion of a statute or ordinance is declared unconstitutional the remainder of
183 the act will be permitted to stand provided (1) the unconstitutional provisions can be
184 separated from the remaining valid provisions, (2) the legislative purpose expressed in
185 the valid provisions can be accomplished independently of those which are void, (3) the
186 good and the bad features are not so inseparable in substance that it can be said that the
187 legislative body would have passed the one without the other, and (4) an act complete in
188 itself remains after the invalid provisions are stricken [*see, e.g., Waldrup v. Dugger*, 562
189 So.2d 687 (Fla. 1990)]; and

190 **WHEREAS**, the City Council has determined that there have been several
191 judicial decisions where courts have not given full effect to severability clauses that
192 applied to sign regulations and where the courts have expressed uncertainty over whether
193 the legislative body intended that severability would apply to certain factual situations
194 despite the presumption that would ordinarily flow from the presence of a severability
195 clause; and

196 **WHEREAS**, the City Council is aware that the failure of some courts to uphold
197 severability clauses has led to an increase in litigation by developers seeking to strike
198 down sign ordinances in their entirety so as to argue that the developers’ applications to
199 erect billboards and signs must be granted; and

200 **WHEREAS**, the City Council desires that the prohibition on billboards continue
201 in effect regardless of the invalidity or unconstitutionality of any, or even all other,
202 provisions of the City’s sign regulations, other ordinance or Code provisions, or other
203 laws, for any reason(s) whatsoever; and

204 **WHEREAS**, the City Council desires that there be an ample record that it intends
205 that each prohibited sign type continue in effect regardless of the invalidity or
206 unconstitutionality of any, or even all other, provisions of the City’s sign regulations,
207 other ordinance or Code provisions, or other laws, for any reason(s) whatsoever; and

208 **WHEREAS**, the City Council desires to prohibit certain narrowly defined signs
209 on vehicles not regularly used in the conduct of any business throughout the City since
210 there is ample record that these “vehicle signs,” also known as “mobile billboards,”
211 promote visual blight, can roll into traffic on windy days, are a safety hazard for drivers
212 who must swerve around them, and use up valuable parking spaces intended for business
213 patrons; and

214 **WHEREAS**, the City Council desires that there be an ample record that it intends
215 that the height and size limitations on freestanding and other signs continue in effect
216 regardless of the invalidity or unconstitutionality of any, or even all, other provisions of
217 the City’s sign regulations, other ordinance or Code provisions, or other laws, for any
218 reason(s) whatsoever; and

219 **WHEREAS**, the City Council wishes to continue to restrict the height and size of
220 free-standing signs, other than statutory signs and traffic control device signs as identified
221 or described in the Manual on Uniform Traffic Control Devices; and

222 **WHEREAS**, the City Council is aware that billboard developers seeking to attack
223 a sign ordinance have often advanced an argument that the developer has a “vested” right
224 to erect the billboards described in their permit applications, and argue that if they are
225 successful in obtaining a judicial decision finding that the City’s entire sign ordinance is
226 unconstitutional, it follows that they are entitled to build any sign described in the permit
227 applications submitted under the “unconstitutional” ordinance, and argue that this result
228 is mandated because when they applied for their permits there was no valid constitutional
229 ordinance in place; and

230 **WHEREAS**, the City Council desires to make it clear that billboards are not a
231 compatible land use within the City and that there can be no good faith reliance by any
232 prospective billboard developer under Florida “vested rights,” or any other theory or law
233 in connection with the prospective erection or construction of billboards within the
234 jurisdictional limits of the City; and

235 **WHEREAS**, the City Council has determined that the purpose and intent
236 provisions of its signage regulations should be even more detailed than they are now so
237 as to further describe the beneficial aesthetic and other effects of the City’s sign
238 regulations, and to reaffirm that the sign regulations are concerned with the secondary
239 effects of speech and are not designed to censor speech or regulate the viewpoint of the
240 speaker; and

241 **WHEREAS**, the City Council desires to delete sections, subsections, paragraphs,
242 subparagraphs, divisions, subdivisions, clauses, sentences, phrases, words, and provisions
243 of the existing ordinance which are obsolete, and/or which have not been enforced,
244 and/or which are not enforceable, and/or which are superfluous to the policies, objectives
245 and goals of the City’s Comprehensive Plan, and/or which would be severable by a court
246 of competent jurisdiction; and

247 **WHEREAS**, the City Council finds and determines that public policy and the
248 public interest favor the eventual elimination of nonconforming uses; and

249 **WHEREAS**, the City Council wishes to ensure that the City’s Code of
250 Ordinances relative to signs is in compliance with all constitutional and other legal
251 requirements; and

252 **WHEREAS**, the City Council wishes to continue to assure that billboards are
253 effectively prohibited as a sign-type within the City; and

254 **WHEREAS**, the City Council wishes to assure that animated signs and flashing
255 signs are effectively prohibited as sign-types within the City; and

256 **WHEREAS**, the City Council wishes to assure that snipe signs are effectively
257 prohibited as a sign-type within the City; and

258 **WHEREAS**, the City Council wishes to assure that animated signs are effectively
259 prohibited as a sign-type within the City; and

260 **WHEREAS**, limitations on and regulations regarding various types of signs are
261 also related to the zoning for the properties on which they are located and/or the land use
262 of the properties on which the sign-types and signs are located; and

263 **WHEREAS**, various signs that serve and function as signage for particular land
264 uses, such as drive-thru restaurants, are allowed some additional features in recognition
265 of the differing or special functions served by those land uses, but not based upon intent
266 to favor any particular viewpoint or control the subject matter of public discourse; and

267 **WHEREAS**, in narrowly drawing and tailoring provisions for regulating signage,
268 the City Council finds and determines that the exercise of its police power for such
269 regulation should not extend to objects such as temporary holiday/seasonal decorations
270 and stringlighting, all which are not typically associated with or considered signage; and

271 **WHEREAS**, in narrowly drawing and tailoring provisions for regulating signage,
272 the City Council finds and determines that certain temporary sign-types for temporary
273 banners play an important role in commerce and special activities and events in the City,
274 and are necessary, but that the potential for contributing to visual clutter that can occur
275 through violations of durational and dimensional criteria should be controlled and/or
276 monitored by content-neutral permitting as necessary to preclude abuse that adversely
277 affects traffic, building, and pedestrian safety, and aesthetics; and

278 **WHEREAS**, the City has heretofore disallowed fixed signage in its public rights-
279 of- way, and such public property has not historically been used for free expression and
280 communication by the public; and

281 **WHEREAS**, the City continues to disallow signage in its public rights-of-way;
282 and

283 **WHEREAS**, in narrowly drawing and tailoring provisions for regulating signage,
284 the City Council finds and determines that warning and safety signs are necessary to warn
285 of a dangerous condition or situation that might not be readily apparent or that poses a
286 threat of serious injury (*e.g.*, “gas line”, “high voltage,” “condemned building,” etc.) and
287 that such sign-types are a necessary type of signage related to the premises on which they
288 are located and have no effective substitute; and

289 **WHEREAS**, in narrowly drawing and tailoring provisions for regulating signage,
290 the City Council finds and determines that machinery and equipment signs, *i.e.*, those
291 signs that are integrated into machinery and equipment and that are visible from the street
292 are a necessary type of signage that are inextricably related to the machines and
293 equipment on which they appear and that it is impractical to prohibit such signs in
294 commerce without effectively prohibiting the associated machines and equipment, and as
295 a result the City finds that machine and equipment signs should be allowed in all zoning
296 districts; and

297 WHEREAS, under current jurisprudence [*see, e.g., Ladue v. Gilleo*, 512 U.S. 43
298 (1994)], signs that allow property owners, especially residential homeowners, to freely
299 express a particular point of view on their own property should be reasonably
300 accommodated, and may be uniquely valuable; and

301 WHEREAS, the City Council recognizes that under current jurisprudence its sign
302 regulations may be under-inclusive in their reach to serve the City’s interests in aesthetics
303 and traffic safety, while at the same time balancing the interests protected by the First
304 Amendment [*see, e.g., Members of City Council v. Taxpayers for Vincent*, 466 U.S. 789
305 (1984); *Codes, Sign Regulation After Ladue; Examining the Evolving Limits of First*
306 *Amendment Protection*, 74 Neb.L.Rev. 36 (1995)], and the City Council may from time
307 to time modify the sign regulations herein so as to provide additional limitations to
308 further serve the City’s interests in aesthetics and/or traffic safety; and

309 WHEREAS, the City Council finds and determines that limitations on various
310 types of signs are also related to the zoning districts for the properties on which they are
311 located; and

312 WHEREAS, the City Council finds and determines that the sign prohibitions and
313 regulations adopted herein still allow adequate alternative means of communications; and

314 WHEREAS, alternative methods of communications in lieu of signs exist
315 through vehicular navigational systems, guidebooks, newspapers, radio, television,
316 telephone and the internet; and

317 **NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF**
318 **THE CITY OF EDGEWOOD, FLORIDA, AS FOLLOWS:**

319 **SECTION ONE.** The findings set forth in the recitals above are hereby adopted as
320 legislative findings of the City Council pertaining to this Ordinance.

321 **SECTION TWO.** Chapter 122, “Signs,” of the City of Edgewood Code of Ordinances
322 is hereby deleted in its entirety and replaced with a new Chapter 122, “Signs,” as set forth
323 below:

324 **Chapter 122. Signs.**

325 **Sec. 122-1. Purpose.**

326 The purpose of this Chapter is to promote the public health, safety and general welfare
327 through reasonable, consistent and non-discriminatory sign regulations. No part of these
328 regulations shall be construed to favor commercial speech over non-commercial speech,
329 nor restrict speech on the basis of content, viewpoint or message. Also, these sign
330 regulations reduce signage conflicts, promote traffic and pedestrian safety and increase
331 the aesthetic value and economic viability of the City by classifying and regulating the
332 location, size, type and number of signs and related matters in a content-neutral manner.

333 These sign regulations are especially intended to reach the secondary effects that may
334 adversely impact aesthetics and safety. In order to preserve and promote the City as a
335 desirable community in which to live, visit, and do business, a pleasing, visually
336 attractive environment is of primary importance. These sign regulations have been
337 prepared with the purpose of enhancing the visual environment of the City and promoting
338 its continued well-being, and are intended to:

- 339 A. Encourage the effective use of signs as a means of communication in the City;
- 340 B. Improve pedestrian and traffic safety;
- 341 C. Minimize the possible adverse effect of signs on nearby public and private property;
- 342 D. Promote the integration of signage with architectural and landscape designs;
- 343 E. Lessen the visual clutter that may otherwise be caused by the proliferation, improper
344 placement, illumination, animation, excessive height and excessive size (area) of signs,
345 which compete for the attention of pedestrian and vehicular traffic;
- 346 F. Allow signs that are compatible with their surroundings and aid orientation, while
347 precluding the placement of signs that contribute to sign clutter or that conceal or obstruct
348 adjacent land uses or signs;
- 349 G. Encourage and allow signs that are appropriate to the zoning district in which they are
350 located and consistent with the category of use and function to which they pertain;
- 351 H. Establish sign size in relationship to the scale of the lot and building on which the
352 sign is to be placed or to which it pertains;
- 353 I. Preclude signs from conflicting with the principal permitted use of the site and
354 adjoining sites;
- 355 J. Regulate signs in a manner that will not interfere with, obstruct the vision of or distract
356 motorists, bicyclists or pedestrians;
- 357 K. Except to the extent expressly preempted by state or federal law, ensure that signs are
358 constructed, installed and maintained in a safe and satisfactory manner, and protect the
359 public from unsafe signs;
- 360 L. Preserve, conserve, protect and enhance the aesthetic quality and scenic beauty of the
361 City;
- 362 M. Protect property values by ensuring that sign types, as well as the number of signs
363 and their size, height, illumination, movement, and brightness are in harmony with
364 buildings, neighborhoods and conforming signs in the area;
- 365 N. Regulate the appearance and design of signs in a manner that promotes and enhances
366 the beautification of the City and that complements the natural surroundings in
367 recognition of the City's reliance on its natural resources and beautification efforts; and
- 368 O. Allow for traffic control devices consistent with national and State standards and
369 whose purpose is to promote highway safety and efficiency by providing for the orderly
370 movement of road users and pedestrians on streets and highways, and that notify road
371 users of regulations and provide warning and guidance needed for the safe, uniform and
372 efficient operation of all elements of the traffic stream.

373 **Sec. 122-2. Definitions.**

374 *Abandoned sign:* A sign which for a period of a least 90 days no longer correctly relates
375 to a bona fide business, lessee, owner, or activity conducted on the premises where the
376 sign is displayed; and/or a sign that has been damaged when repairs and restoration are
377 not started within 90 days of the date the damage occurred, or when repairs are not
378 diligently pursued, once started.

379 *Alter*: To make a change to a sign or sign structure, including but not limited to, changes
380 in size, sign copy area to signs other than manual changeable copy signs, height,
381 projection, illumination, shape, materials, placement and location on a site. Altering a
382 sign does not include ordinary maintenance, repair or repainting an existing sign surface
383 provided the sign copy area is not increased.

384 *Anchor tenant*: the major store(s) upon a multiple-occupant parcel that occupies building
385 square footage on-site with a minimum area of ten thousand (10,000) square feet.

386 *Animated sign*: A sign which has any visible moving part, color change, flashing or
387 oscillating lights, visible mechanical movement of any description, or other apparent
388 visible movement achieved by any means that move, change, flash, oscillate or visibly
389 alters in appearance. The term may include, but is not limited to, electronic changeable
390 signs with optical illusion of movement, color change, or change of lighting, to depict
391 action or create a special effect or scene; and signs using electronic ink, signs set in
392 motion by wind or other movement of the atmosphere, any sign set in motion by
393 intentional movement by a person, any type of screen using animated or scrolling
394 displays, such as an LED (light emitting diode) screen or any other type of video display.

395 *Attached sign*: A sign permanently attached to a building or structure.

396 *Awning*: A shelter projecting from and supported by the exterior wall of a building
397 constructed of rigid or non-rigid materials on a supporting framework that may include a
398 type that can be retracted, folded or collapsed against the wall of a supporting building.

399 *Awning sign*: A sign incorporated into an awning.

400 *Banner*: A sign applied to cloth, plastic, paper, fabric or other light pliable material of
401 any kind either with or without frames; and which is suspended, mounted or attached
402 across its longest side to buildings or attached at two ends to building, poles or natural
403 elements.

404 *Beacon*: A stationary or revolving light which flashes or projects illumination, single
405 color or multicolored, in any manner which has the effect of attracting or diverting
406 attention, except, however, this term does not include any kind of lighting device which
407 is required or necessary under the safety regulations of the Federal Aviation
408 Administration or other similar agency. This definition does not apply to any similar
409 type of lighting device contained entirely within a structure and which does not project
410 light to the exterior of the structure.

411 *Bench sign*: A sign on an outdoor bench.

412 *Billboard*: Any off-site sign or sign structure.

413 *Building frontage*: The vertical side of a building which faces a public right-of-way and
414 is built to the principle plane.

415 *Changeable copy sign*: A non-electronic sign, or portion thereof, that is designed so that
416 characters, letters or illustrations can be manually changed or rearranged without altering
417 the sign face.

418 *Clearance*: The distance between the finished grade to the lowermost portion of the sign
419 cabinet or face.

420 *Cold air inflatable sign:* A balloon-type sign with a blower (fan) system which runs to
421 keep the sign inflated.

422 *Commercial message:* Any sign wording, logo, or other representation or image that
423 directly or indirectly names, advertises, or calls attention to a product, service, sale or
424 sales event or other commercial activity.

425 *Construction sign:* A temporary on-site sign identifying the ongoing construction activity
426 during the time that a building permit is active and prior to completion of the work for
427 which the permit was issued, and containing sign copy that is limited to the ongoing
428 construction activity and identifying the contractor, professionals and/or any
429 subcontractor engaged to perform construction activity on the site.

430 *Copy:* The combination of individual letters, numbers, symbols, depictions and the like,
431 which are intended to inform, direct or otherwise transmit information.

432 *Copy area:* the entire area of the sign occupied by copy. Copy area is measured by
433 enclosing by one continuous perimeter line the extreme limits of the sign which contains
434 copy, including all ornamental attachments, insignias, symbols, logos, trademarks,
435 interconnecting links and the like, and any stripe, frame or border. Copy area does not
436 include the main support structure of the sign unless it contains copy. The calculation for
437 a double faced sign shall be the area of one (1) face only. When signs are enclosed in a
438 cabinet or border, the internal perimeter of such cabinet or border will be used to
439 calculate copy area.

440 *Electronic changeable message sign:* A sign that uses changing lights or an electronic
441 medium to form an image, picture, or message of any kind, whether the image, picture, or
442 message is moving or stationary, wherein the sequence of the messages and the rate of
443 change are electronically programmed and can be modified by electronic processes.
444 Electronic changeable signs include LED signs (light emitting diode technology or other
445 similar semiconductor technology), OLED signs (transmissive, organic light emitting
446 diodes), LEP signs (light emitting polymer), OEL signs (organic electro luminescence),
447 or any similar technology.

448 *Erect:* To construct, assemble, attach, hang, place, suspend, affix or alter a sign. Does not

1060 **Sec. 122-14. Comprehensive Sign Program**

1061 A. General principles.

1062 1. The intent of the Comprehensive Sign Program is to provide private property
1063 owners and businesses with flexibility to develop innovative, creative and
1064 effective signage and to improve the aesthetics of the City of Edgewood.

1065 2. The minimum sign standards established in this Chapter ensure that signage
1066 will not have an adverse impact on the aesthetics, community character and
1067 quality of life of the City of Edgewood. The city recognizes, however, that in
1068 many circumstances, there are innovative and creative alternatives to minimum
1069 standard signage which are desirable and attractive and will enhance community
1070 character and individual property values.

1071 3. The purpose of the Comprehensive Sign Program is to provide an alternative
1072 to minimum standard signage subject to flexibility criteria which ensure that
1073 alternative signage will not have an adverse impact on the aesthetics, community
1074 character and quality of life of the City of Edgewood.

1075 4. It is expected that the design quality of signs proposed under a Comprehensive
1076 Sign Program will be of a superior quality and creativity to those that might result
1077 through the normal sign permit process.

1078 B. Permitted signage.

1079 1. Signage which is proposed as part of a Comprehensive Sign Plan may deviate
1080 from the minimum sign standards in terms of types of signage allowed, number of
1081 signs per business or parcel of land, maximum area of a sign face per parcel of
1082 land and the total area of sign faces per business or parcel of land.

1083 2. A Comprehensive Sign Plan shall be approved pursuant to the provisions set
1084 out in Section 122-5, above.

1085 3. As part of a comprehensive sign program, the City Planner, or designee, shall
1086 review all sign types proposed for the development parcel to achieve compliance
1087 with these regulations. A Comprehensive Sign Plan for shopping centers,
1088 including all out parcels, and office complexes shall include all types of signs for
1089 all tenants/uses within the development parcel.

- 1090 C. Flexibility criteria.
- 1091 1. Architectural theme. The signs proposed in a Comprehensive Sign Plan shall
 1092 be designed so as to be consistent with the architectural theme of the principal
 1093 buildings proposed or developed on the parcel and shall be constructed of
 1094 materials and colors which are similar to the materials and colors utilized in the
 1095 principal buildings.
- 1096 2. Sign height. The height of all signs proposed through the comprehensive sign
 1097 program shall relate to the height and design of the of the principal buildings
 1098 located or proposed on the development parcel.
- 1099 3. Height, area, number and location of signs. The height, area, number and
 1100 location of signs permitted through the comprehensive sign program shall be
 1101 reviewed by the City Planner, or designee, based on the following criteria: overall
 1102 size of site, relationship between the building setback and sign location, lot and
 1103 building frontage, access and visibility to the site, intended traffic circulation
 1104 pattern, scale and use of the project. Additionally, the maximum permitted sign
 1105 area shall be based on the following formula when evaluated against the above
 1106 criteria:
- 1107 a. Attached signs. The maximum copy area permitted for attached signage
 1108 shall range from one percent up to a maximum of six percent of the
 1109 building façade to which the sign is to be attached.
- 1110 b. Freestanding signs. The maximum permitted copy area of all
 1111 freestanding signs on a site shall not exceed three square feet per linear
 1112 foot of building frontage.
- 1113 4. The comprehensive sign program shall also identify the color palette of letters
 1114 and background, as well as text font.
- 1115 5. Property values. The signage proposed in a comprehensive sign program must
 1116 not adversely impact the value of property in the immediate vicinity of the parcel
 1117 proposed for development.
- 1118 6. Elimination of nonconforming signage. The signage proposed in a
 1119 comprehensive sign program shall replace all existing nonconforming signage
 1120 located on the property.

1121 **Sec. 122-15. Nonconforming Signs.**

 1129 damaged nonconforming sign that cannot be repaired shall be removed within
 1130 thirty days of the date the sign was damaged.

1131 2. Whenever a nonconforming sign is damaged and the estimated cost to repair
1132 the sign is fifty percent or less of its appraised value immediately prior to the date
1133 of destruction of the damaged sign, before the sign was damaged, it may be
1134 repaired and restored to the condition it was in before it was damaged and may
1135 continue to be used as a nonconforming sign, provided that such repairs and
1136 restoration are started within ninety days of the date the sign was damaged and are
1137 diligently pursued thereafter.

1138 3. Whenever repairs and restoration of a damaged nonconforming sign are not
1139 started within ninety days of the date the sign was damaged or are diligently
1140 pursued once started, the sign shall be deemed abandoned. An abandoned sign
1141 shall be removed as provided by this Chapter.

1142 D. Maintenance of nonconforming signs.

1143 1. No nonconforming sign shall be permitted to remain unless properly
1144 maintained. Proper maintenance shall include but not be limited to ensuring that
1145 all components of the sign, including structural and supporting components are
1146 free of rust, flaking or peeling paint, mildew, or decay. Upon determination by
1147 the City's Code Enforcement Special Magistrate that a nonconforming sign has
1148 not been maintained as required herein, the Code Enforcement Special Magistrate
1149 shall order the nonconforming sign to be removed or otherwise brought into
1150 compliance with the existing Code in additional to any other remedies ordered.
1151 Any nonconforming sign that is determined by the City to be an unsafe sign shall
1152 be removed as provided for by this Chapter.

1153 2. Nothing in this section shall be deemed to prevent the maintenance of any sign
1154 or manual changes of sign copy on a nonconforming sign.

1156 1. Except as provided in paragraphs 2 and 3, below, properly permitted

1165 with this Chapter upon such occurrence. Off-site signs which are the subject of
1166 Section 70.20, Florida Statutes, shall not be subject to this paragraph.

1167 a. Provided that the maximum number of ground signs is not exceeded on
1168 the subject parcel and sight visibility triangles required by Section 114-
1169 4(2) are maintained, existing pole signs may be modified or retrofitted as
1170 follows:

1171 i. Existing pole signs may be lowered in such a manner that no
1172 more than two feet of airspace exists between the sign cabinet or

1173 sign face and either the ground or a solid appearing base no greater
1174 than two feet in height constructed on the ground; or

1175 ii. Existing pole signs may be retrofitted in such a manner that all
1176 poles are encased so as to give the appearance of a single vertical
1177 support that is at least twelve inches in width or diameter, as
1178 applicable. Vertical supports or support casings shall be
1179 constructed of non-corrosive material and shall be either be
1180 monotone or utilize brick or stone of a single color.

1268 **Sec. 122-16. Removal of Signs.**

1269 A. General. Signs installed in violation of this Chapter shall be removed or brought into
1270 compliance with the requirements of this Chapter. The sign owner, the owner of the
1271 property on which the sign is placed and the sign contractor shall each be held
1272 responsible for adherence to this Chapter and any other applicable laws or regulations.
1273 This Chapter may be enforced through code enforcement proceedings or by any equitable
1274 or legal remedy available to the City.

1275 B. Immediate removal of unsafe signs. If the City finds that when any sign is in
1276 violation of this Chapter or other applicable regulations or State law or and by reason of
1277 its violation presents an immediate and serious danger to the public, the City may,
1278 without prior written notice, order the immediate removal or repair of the sign within a
1279 specified period. The City may remove or authorize others to remove the sign in the event
1280 that the owner for such sign cannot be found or if that person, after notification, refuses to
1281 repair or remove it. The owner of the building, structure, or premises on which the sign is
1282 located, are jointly and severally liable for the cost of removing such sign. The City shall
1283 have the right to recover from the owner or person placing such sign the cost of removal
1284 and disposal of such sign.

1285 C. Removal of signs erected without a permit. The City may remove or order the
1286 removal, without prior written notice, of any sign erected without a sign permit required
1287 by this Chapter.

1288 D. Removal of signs on City property. Any sign installed or placed on City property,
1289 except in conformance with the requirements of this Chapter, shall be forfeited to the
1290 City and confiscated. The City shall have the right to recover from the owner or person
1291 placing such sign the cost of removal and disposal of such sign.

1292 E. Abandoned signs. Abandoned signs shall be removed by the owner or lessee of the
1293 premises upon which a sign is located when the business which a sign advertises is no
1294 longer conducted on the premises or if the business does not have an occupational
1295 license. The owner or lessee of the premises shall not be required to remove an
1296 abandoned sign during any period in which removal of such sign would conflict with
1297 legal proceedings related to the property on which the abandoned sign is located.

1298 **Sec. 122-17. Conflicting Requirements.**

1299 These sign regulations shall not be construed to permit the erection, placement, or
1300 maintenance of any sign at any place or in any manner unlawful under any other City
1301 Code provision or other applicable law. In any case where a part of these sign regulations

1302 conflicts with a provision of any zoning, building, fire, safety, health ordinance or other
1303 code, the provision that establishes a stricter standard for the protection of the public
1304 health and safety shall prevail.

1305 **Sec. 122-18. Severability.**

1306 A. General. If any part, section, subsection, paragraph, subparagraph, sentence, phrase,
1307 clause, term, or word of this Chapter, this Code, or any adopting ordinance is declared
1308 unconstitutional by the valid judgment or decree of any court of competent jurisdiction,
1309 the declaration of such unconstitutionality shall not affect any other part, section,
1310 subsection, paragraph, subparagraph, sentence, phrase, clause, term, or word of this
1311 Chapter.

1312 B. Severability where less speech results. Without diminishing or limiting in any way
1313 the declaration of severability set forth above in Paragraph A., or elsewhere in this
1314 Chapter, Code, or any adopting ordinance, if any part, section, subsection, paragraph,
1315 subparagraph, sentence, phrase, clause, term, or word of this Chapter is declared
1316 unconstitutional by the valid judgment or decree of any court of competent jurisdiction,
1317 the declaration of such unconstitutionality shall not affect any other part, section,
1318 subsection, paragraph, subparagraph, sentence, phrase, clause, term, or word of this
1319 Chapter, even if such severability would result in a situation where there would be less
1320 speech, whether by subjecting previously exempt signs to permitting or otherwise.

1321 C. Severability of provisions pertaining to prohibited signs. Without diminishing or
1322 limiting in any way the declaration of severability set forth above in Paragraph A., or
1323 elsewhere in this Chapter, Code, or any adopting ordinance, if any part, section,
1324 subsection, paragraph, subparagraph, sentence, phrase, clause, term, or word of this
1325 Chapter or any other law is declared unconstitutional by the valid judgment or decree of
1326 any court of competent jurisdiction, the declaration of such unconstitutionality shall not
1327 affect any other part, section, subsection, paragraph, subparagraph, sentence, phrase,
1328 clause, term, or word of this Chapter that pertains to prohibited signs, including
1329 specifically those signs and sign-types prohibited and not allowed under section 122-10
1330 of this Chapter. Furthermore, if any part, section, subsection, paragraph, subparagraph,
1331 sentence, phrase, clause, term, or word of section 122-10 is declared unconstitutional by
1332 the valid judgment or decree of any court of competent jurisdiction, the declaration of
1333 such unconstitutionality shall not affect any other part, section, subsection, paragraph,
1334 subparagraph, sentence, phrase, clause, term, or word of section 122-10.

1335 D. Severability of prohibition on billboards. If any part, section, subsection, paragraph,
1336 subparagraph, sentence, phrase, clause, term, or word of this Chapter and/or any other
1337 Code provisions and/or laws are declared invalid or unconstitutional by the valid
1338 judgment or decree of any court of competent jurisdiction, the declaration of such
1339 unconstitutionality shall not affect the prohibition on billboards as contained in this
1340 Chapter and Code.

1341 **SECTION THREE. Codification.** It is the intent of the City Council of the City of
