Per sign-in sheet

Mayor Bagshaw introduced Michael LeBoeuf, Little, who presented a summary of the surveys mailed to Edgewood residents and businesses.

Mr. LeBoeuf followed the agenda provided by Little in the agenda packet. Following the analysis and opportunities, review of example neighborhood place making images and discussion of survey priorities, the workshop transitioned into the visioning charrette.

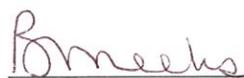

Three stations were set up in Council Chamber and representatives from Little and LandDesign manned a station. The stations were for (1) Narrative Strategies, (2) Master Plan Sketches and (3) Discussion of Preferred Ideas & Directions. After attendees had gone to each station, everyone came back together as a group, and Little and LandDesign provided a summary of the input from attendees input at each station.

Representatives from Little and LandDesign provided closing comments and noted that a summary of the workshop/charrette would be provided at a later date. Council President Dowless thanked them for their work and thanked the attendees for participating.

ADJOURNMENT

Having no further discussion, the workshop adjourned at 12 noon.
