He asked that Council consider Chris Francisco as the Police Chief. City Attorney Smith said Council will approve "as to form". Mayor Bagshaw confirmed that applicant Francisco has reviewed the Contract and agrees with the form of the contract. In response to Council Member Hendrix, the Mayor said the salary would be between \$80,000 to 85,000.

Resident Lee Chotas said he was impressed with the applicants and had an opportunity to interview two of the applicants. He said he was impressed with Chris Francisco, and supports the Mayor's recommendation.

Mayor Bagshaw said that he and Council Member Drummond have been working together on the improvements to the Gatlin and Orange Avenues intersection. He said to move the project forward, Council needs to decide on an upgrade of the mast arms; the City's portion would be approximately \$150,000. Council Member Drummond says there needs to be a demarcation so that when you come into the City, you know you are in the City. ***Consensus of Council to move forward.***

- Council Member Drummond

Council Member Drummond reported that as Council has been discussing, FDOT is working in two phases on the intersection at Gatlin and Orange Avenue. The first phase is the upgrade they just discussed in the Mayor's report. The first phase also includes lighting. He said the second phase will require deciding long term what the City is going to do with the intersection. Council Member

330 Drummond said Council “will be kicking themselves” if they do not figure out a way to consolidate the  
331 two traffic lights. He said to move this project to the next level is to get their attention, which will take a  
332 letter from the Mayor. Council Member Drummond said with Council Consensus, he would like to  
333 prepare a letter for the Mayor’s signature. Mayor Bagshaw said that Metro Plan is aware of this project.  
334

335 Resident Chotas said he is concerned and that the City needs to make sure that FDOT is committed to  
336 putting interim improvements into place. He said the City needs to be mindful of the safety that could  
337 be remedied with the interim improvements. *It was the consensus of Council to prepare the letter.*

340 He said they were open to discussion.

- Council Member Hendrix

349  
350  
351 Council Member Hendrix provided a handout to Council and noted that he has talked to the Mayor  
352 regarding accounting personnel. Council Member Hendrix said he needed clarification as to what the  
353 City actually pays McDermit~Davis for the accounting personnel’s services (Lindsey), and for the  
354 preparation of the financial statements. He noted that there needs to be better accountability, and believes  
355 having a full-time accounting staff member will be better for the City. Council Member Henley said she  
356 would like to allow Lindsey some time, as she just began working in City Hall part-time. Mayor  
357 Bagshaw said that he has talked to the City Clerk about gradually moving more and more accounting  
358 duties over to Lindsey. He said this should help address Council’s concerns. City Clerk Meeks noted  
359 that when the City had a permanent part-time accounting staff member, there were days that they did not
